

Quick Tip Tuesday

Use Calendar to Drill to Dates

Microsoft Dynamics GP has a handy calendar that you can use to drill directly into dates. This makes selecting dates using your mouse incredibly easy and efficient if you know how to use it.

End of Life Windows 7

All good things must come to an end, even Windows 7. After January 14, 2020, Microsoft will no longer provide security updates or support for PCs running Windows 7. But you can keep the good times rolling by moving to Windows 10. **Contact your Account Manager** for more information.

Personas in Google Chrome

An easy way to stay organized when working with **Office 365 and D365** is to use personas in Google Chrome. Personas allow you to setup a separate profile without setting up a separate Gmail account.
