

New Security Threat

You may have heard of the recently disclosed [Speculative Execution](#) vulnerabilities that affect many modern processors and operating systems.

Prophet Business Group has determined this to be a significant risk and we will be taking the necessary steps required to install patches to minimize the risk to the servers and networks for all of our Managed Patching Service clients.

If you are not utilizing our Managed Patching Services and would like more information please contact your Account Manager by calling 204-982-9890 or [click here](#) to fill out our web form.
