## Does your Website Communicate Trust?

With today's **online hazards**, companies must assure consumers of the validity, credibility and security of their websites through verified identity and encryption. Customers are warned to look for the 'https' to indicate that the site they are visiting is secure.

## Client Spotlight

### Prophet Business Group

This month the spotlight is on us :) We have settled in our new office space nicely and we want to thank you for your patience during the transition. Also, late last month our very own **Tim Robinson** was interviewed by **CTV Winnipeg** on a recent security issue.
