

Dynamics GP Document Attach – lose the filing cabinet, keep the information!

Microsoft Dynamics GP has a great feature that goes a long way to becoming a paperless office. Using the Document Attach feature, you can attach any type of file to a master record or transaction inside of Dynamics GP.

Refreshable Excel Reports

We all know the number one accounting tool is Excel. When trying to analyze GP data most users will export data from a Smartlist in GP and then slice and dice it to get it in the format they need. This can be a time consuming process month after month. Refreshable Excel Reports can change that and save you valuable time.
