

### Avoid PIER Assessments

Now that families have settled in to their back to school routines, and as winter has arrived albeit a bit earlier than normal, now is a great time to review your payroll's pensionable and insurable earnings vs. employee & employer contributions for the current calendar year. Catching any discrepancies before year end will help avoid a Pensionable and Insurable Earnings Review (PIER) assessment from the Canada Revenue Agency in the New Year.

Avoid the stress of receiving a PIER Assessment from the CRA and have the Prophet PIER Report deployed for you today. Call 204-982-9890 or email [sales@prophet.ca](mailto:sales@prophet.ca)

### What are Managed Services?

Managed services help reduce downtime by identifying problems before they occur. Automating critical tasks and improving the health of your environment, involves remote monitoring and management of computers, mobile devices, even your entire network.

Understanding how managed services work is a good first step but the real value comes when you realize how they can benefit your business.

Are you a fit for Managed Services? Schedule a call with a member of our team to discuss your specific needs.
