Quick Tip Tuesday

Adding Shortcuts to Homepage

If there is a Great Plains window that you use often, why not add it your Home Toolbar for easier access. To do so, open the window that you use often and click > File **Add to Shortcuts**. If you want to make the shortcut even quicker to access, add a shortcut key. Do this by right clicking on the shortcut and selecting > **Shortcut Properties**. Then select the Keyboard Shortcut you prefer.

Have a quick tip you would like to share?

Let us know

Multiple Page Scanning

For those of you using Dynamics GP's document attach feature you may have encountered a limitation whereby your scanner will only scan the first page of a multi-page document.

Fileless Attacks are Lurking Threats

When things are working well, a calm status quo makes everyone happy. Unfortunately, a placid surface doesn't necessarily mean there's not something lurking beneath, and part of your job is to be on alert constantly.

End of Life - Skype for Business

Microsoft has announced the start of the end of life program for the integration of Skype for Business with third-party audio conferencing providers (ACPs). The

end of life program will conclude on April 1st, 2019.

If you are running Skype for Business you should consider moving to **Microsoft Teams**. Reach out to your sales associate with any questions you may have.
